Hello my name is Striker I am a Florida state  
prisoner. First off I want to say I am not writing  
these articles for sympathy of me being in prison.  
I let the law into my life and here I sit. I hear  
it all the time in here, o' man I was profited. you  
profile your self by doing wrong 99.9% of  
people in prison brougth their Incarceration on  
them selves. No one to blame but them selves.  
So we as a prison population need to accept  
responsability for our Actions. That's not to  
say the police and State Attorneys are not corrupt  
and vandretive people. most only see the wrongs we  
have done and automatically assume we are

guilty. There needs to be changes made to our whole Justice System from the original laws, prison and ex-offenders rights. We as a people need law and Justice. Lets not fool any body their are Scum of the Earth in here and they do not belong in a free society. Harsh to say but very true.

On the other hand their are a lot of people that are incarcerated that want to change and bear the revolving door. A group of us here at this comp has done a lot of research on what can work to stop the revolving door and how the Justice System can be fine tuned. We have gained a lot

of support from our volunteers and Grass root  
Organizations. we have addressed public Safety  
Issues and Prisoners Concerns. Florida already  
has passed ~~two~~ of our bills we have worked on  
Iron in prison a modification on the 10/20/life  
and the violation of Probation. Not bad from a  
group of guys behind the fence. Stay tune  
I'll be sending our first ~~document~~ soon titled  
(What is wrong with our Justice System)  
till then be safe

Sincerely

Styker
